GOING TO SCHOOL.

He helped her over the meadow brook,
While her feet she timidly set
(Twin hills they were), on the mossy stone
With the cooling ripples wet.

They passed the brook, and it seemed to sing
With a sweeter, merrier sound,
As the two with their school books wandered on
O'er the clover-laden ground.

O little maiden! how fair you were,
With your eyes of heavenly blue;
And the dimples play on your cheeks as play
On a rose the drops of dew.

As play on a rose the drops of dew,
When the breeze merrily blows
And your lips they were tints of the ripening
peach.

In the morning's ruddy glow,
Bare feet, how they twinkled among the grass!
Did you know, whenever you stepped on a stem,
The path for school, that he waited for you
By the willow-shaded brook?

Since then the fragrant blossoms have come
To the tough, ah! many a time;
And a bride is over the brook that sings,
As of old, in pleasant rhyme.

And two are straying upon the bank,
As I pen these wandering words;
And they talk of the happy school-day time,
As they watch the building birds.

And a stream there is with a grander flow,
With a sadder, sadder song;
And lovers will cross to a different school,
And help each other along!

SAD AND FATAL ACCIDENT.—It is our painful duty, says the *Mountain Messenger* of the 2nd instant, to chronicle the death, by accident, of our intimate and valued friend, Rudolph (better known as Rodney) C. Sternberg. The accident occurred at the mouth of Jim Crow Canyon, where deceased owned a mining claim which he was working at the time. It seems that Sternberg and his partner were constructing a dam, and for the purpose of getting some timbers across the ravine, made fast one of the blocks of the tackle which they were using, to a tree on the bank. Near this tree a ditch had been dug, which had partially undermined it, and the strain being too great, the tree fell. Mr. Sternberg knew that the tree was falling, but being near-sighted, did not know which way to run, and unfortunately, ran exactly in a line with the falling tree, which struck him in the back of the neck, killing him almost instantly. The funeral took place on Monday last, under the auspices of the Old Fellows, of which Order he was an esteemed member. The military, of which he was also a member, escorted his remains to their last resting place, accompanied by a large concourse of citizens. We have enjoyed an intimate acquaintance with the deceased for nearly four years, and always found him a gentleman in every sense of the word, and universally loved by all. If he had a fault or an enemy, we have never discovered the fact. He leaves a brother here to mourn his loss, besides parents, brothers and sisters in the Eastern States, who will be deeply grieved to learn of his untimely death.

MOMENTUM.—When two locomotives, having equal speed on a railroad track, meet from opposite directions, the shock actually destroys the momentum of both, and therefore, makes a dead halt. The force of the shock produced by two bodies, say the philosophers, will be equal to the shock which either, being at rest, would sustain if struck by the other moving with double the velocity. Action and reaction being equal, both bodies will be as much moved by reaction as by action. Should two railroad trains, running toward each other, at the rate of twenty miles an hour collide, the shock would be precisely the same as though one had been at rest, and struck by a train moving forty miles an hour. Were two steamboats to run directly together, head on—one going twelve and the other fifteen miles an hour—the concussion or shock each would suffer would be as though struck by the other at a speed of twenty-seven miles an hour. Without stopping to philosophize upon the cause, boxers and pugilists know, by dear-bought experience, that the worst blows they ever receive in a combat are when a fist strikes a fist, because the force suffered by both parties is equal to the sum of the forces exerted by either arm. The adroit fighters, therefore, always avoid encounters of that kind, if possible.

THE Boston Post is responsible for this:

At a printer's festival recently held in Lowell, Mass., the following toast was presented: "The Printer.—The master of all trades—he beats the farmer with a hoe, the carpenter with rules, and the mason with setting up tall columns; he surpasses the doctor in attending to his cases, and beats the parson in the management of the devil."

An Irishman, charged with an assault, was asked by the judge whether he was guilty or not. "How can I tell," was the reply, "till I have heard the evidence."

A CURIOUS CALCULATION.—An exchange says: What a noisy creature would a man be, were his voice, in proportion to his weight, as loud as that of a locust. A locust can be heard at a distance of one sixteenth of a mile. The golden wren is said to weigh but half an ounce, so that a middling sized man could weigh down not short of four thousand of them; and it must be very strange if a golden wren would not outweigh four of our locusts. Supposing, therefore, that a common man weighs as much as 16,000 of our locusts, and that the note of a locust can be heard one sixteenth of a mile, a man of common dimensions, pretty sound in wind and limb, ought to be able to make himself heard at the distance of one thousand six hundred miles; and when he sneezed his house ought to fall about his ears! Supposing a flea to weigh one grain—which is more than its actual weight—and to jump one and a half yards, a common man of one hundred and fifty pounds, with jumping powers in proportion, could jump twelve thousand, eight hundred miles, or about the distance from New York to Cochiti, China.

INDIANS.—We copy the following item of news from the *Idaho Statesman* of the 31st October:

While Mr. Gess was up here a few days ago to procure arms for the settlers in the lower part of the valley, the Indians came in and took a horse saddle and bridle from the ranch of Mr. John Anderson, thirty miles below this place. They tried it again a night or two afterwards but did not succeed in getting off with any stock. Mr. Anderson has now lost all his stock by Indian raids, and has moved to town with his family not a little discouraged. He informs us that a company of twenty-three men, with twenty days' rations, started last Sunday from Dixie valley on an Indian hunt. They moved across Snake river at Keeney's ferry, and will give both sides of Sucker creek an overhauling. The men were equipped by the citizens living down there. A few men permanently stationed below the canyon would be ample protection to the lower end of Boise valley.

THE SCIENCE OF HEALTH! Every Man His Own Physician.

HOLLOWAY'S PILLS, AND HOLLOWAY'S OINTMENT! Disorders of the Stomach, Liver and Bowels.

The Stomach is the great centre which regulates the health of the system. Abused or debilitated by excess—indigestion, offensive breath and physical prostration are the natural consequences. Allied to the brain, it is the source of headaches, Rheumatism, nervous complaints and unrefreshing sleep. The Liver becomes affected and generates bilious disorders, pains in the side, &c. The Bowels sympathize by Diarrhoea, Dysentery and Dysentery. The principal action of these Pills is on the stomach, and the liver, lungs, bowels and kidneys participate in their recuperative and regenerative operation.

Erysipelas and Salt Rheum.

Are two of the most common and violent disorders prevalent on this continent, to these the Ointment is especially antiseptic, its "moisture operant" is first to eradicate the venom and then complete the cure.

Bad Legs, Old Sores, and Ulcers.

Cases of many years' standing, that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful ointment.

Eruptions on the Skin.

Arising from a bad state of the blood of chronic diseases, are eradicated, and a clear and transparent surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

Female Complaints.

Whether in the young or old, married or single, at the dawn of womanhood, or the last of life, these tonic medicines display so decided an influence that a marked improvement is soon perceptible in the health of the patient. Being a purely vegetable preparation, they are a safe and reliable remedy for all classes of Females in every condition of health and station of life.

Piles and Fistula.

Every form and feature of these prevalent and stubborn disorders is eradicated locally and entirely by the use of this efficient, warm, and penetrating ointment. Its healing qualities will be found to be thorough and invariable.

Both the Ointment and Pills should be used in the following cases:

Rheumatism, Piles, Sore Legs, Burns, Rheumatism, Sore Breasts, Chills, Ringworm, Sore Heads, Fistula, Salt Rheum, Sore Throat, Cuts, Scalds, Sprains, Stiff Joints, Tetters, Ulcers, Lumbago, Skin Diseases, Venereal Sores, Sores of all kinds, Mercurial Eruptions, Swelled Glands, Wounds of all kinds.

CAUTION.

None are genuine unless the words "HOLLOWAY, NEW YORK AND LONDON," are discernible as a Water Mark in every leaf of the book of directions under each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious and false.

Sold at the manufactory of Professor HOLLOWAY, 8, Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine, throughout the civilized world.

There is considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each pot and box.

Dealers in my well-known medicines can have Show Cards, Circulars, &c., sent FREE OF EXPENSE, by addressing Thomas Holloway, 8, Maiden Lane, New York, N.Y.

SEWING MACHINES.

DON'T BE DECEIVED.

WHEELER & WILSON'S SEWING MACHINES!

Trial is the Best and Surest Test of Merit.

OVER 200,000 WHEELER & WILSON'S SEWING MACHINES!

FLORENCE SEWING MACHINE.

Copy of the Report of the Committee of Awards at the Fair of the AMERICAN INSTITUTE NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine, Highest Premium! Gold Medal!

REASONS: 1st.—Its simplicity and great range of work. 2d.—The Reversible Feed Motion. 3d.—The perfect finish and substantial manner in which the Machine is made. 4th.—The rapidity of its working and the quality of the work done. 5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any Sewing Machine was exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanics' Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every form of work is guaranteed in the full sense of the word.

REMOVAL.

DR. TOZER, Formerly of Lock Hospital, London.

Would most respectfully call the attention of the public of San Francisco and vicinity to the fact that he has removed his MEDICAL INSTITUTE from the corner of Jackson and Kearny streets, to

108 MONTGOMERY STREET, Adjoining Occidental Hotel.

Where he will be in attendance daily to administer to the wants of all those who may require his services.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain suffers from the want of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering.

Nervous Debility, Loss of Memory, Pain in the Limbs and back, Palpitation of the Heart, Trembling of the Limbs, Headache and an aversion to Genial Society, especially that of Females.

There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR. TOZER, and he will cure you in a short time, without any interruption in your business—or state your case by letter, and there will be no occasion for your calling at the office.

STRICTURE OF THE URETHRA Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourselves of its terrible results. The worst cases cured in a few days.

DR. TOZER has for the last forty years given his entire attention to the TREATMENT AND CURE OF SPECIAL COMPLAINTS, and will GUARANTEE a cure in all cases. His remedies are Purely Vegetable, and positive in their action.

His remedies for all FEMALE COMPLAINTS have been tried in this City and State for the last fifteen years, with the greatest success. He has the honor to be the only one in the cure of suppression of the monthly sickness. Price, \$5 per box—to be had at the office only. Sent by mail or express on receipt of price.

All letters strictly confidential. Address, through mail or address, DR. CHAS. H. TOZER, 108 Montgomery st., adjoining Occidental Hotel, 113-4 Or, Pos. Office Lock Box 1884, San Francisco, Cal.

A CARD FROM THE AMERICAN WATCH COMPANY, of Waltham, Mass.

This Company beg leave to inform the public that they commenced operations in 1853, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75,000 Watches a year, and make and sell not less than one-half of all the watches sold in the United States.

The difference between their manufacture and the European, is briefly this: European are made almost entirely by hand, and the result is of necessity a lack of that uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the higher grades, are the product of the cheapest labor of Switzerland and the result is the worthless "Swiss" and "Geneva" watches which so generally obtain a reputation for accuracy.

Leaves and so-called Patent Levers—which soon fail in attempted repairs, than their original cost. Common workmen, boys and women, by the rough separate parts of these watches from various factories, polish and put them together, and take to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.

How American Watches are made. The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All the Company's operations from the reception of the raw materials to the completion of the watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most invariable accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that succeeding watches must be like it.

The Company respectfully submit their watches on their merits only. They claim to make

A Better Article for the Money

by their improved mechanical processes than can be made under the old fashioned handicraft system. They manufacture watches of every grade, from a good, low-priced and substantial article, in solid silver hunting cases, to the finest chronometer; and also ladies' watches in plain gold or the finest enameled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIMEKEEPERS. It should be remembered that, except their single lowest grade named the "Home Watch Company, Boston," ALL Watches made by them

ARE FULLY WARRANTED

by a special certificate, and this warranty is good at all times against the Company or its agents.

DUTCH FLAT ENQUIRER.

SATURDAY, NOV. 9, 1867.

END OF VOLUME EIGHT.

This number closes volume eight of the DUTCH FLAT ENQUIRER, and the publication of the semi-weekly. At the time we commenced to issue our paper twice a week we had the promise of an increased support; in fact, that was the principal reason why we changed the issue of our paper. This proved, however, like most promises made to secure certain ends for certain parties, as soon as the purpose was accomplished, the means by which they and their friends were benefited, and they no longer felt themselves bound by their obligations, and we have consequently had the expense and burden to bear. We, however, thought the project a feasible one, and flattered ourselves that by giving our people the news twice a week, taking telegraphic dispatches and making the paper as far as possible a channel for the current news of the day, that it would deserve and receive increased patronage. In this we were also mistaken; our expenses during the time we furnished the dispatches were, for telegraph alone, over one hundred dollars, and our receipts in the sale of extra papers during the time, twenty cents. Not being backed by the Bank of California, it will be readily seen that our ability to sustain losses like these was not sufficient to warrant many repetitions of an experiment likely so soon to swamp us. In a word, the publication of a paper in this place twice a week has been a losing business, and we propose now to quit it. We return our thanks to those gentlemen who have aided us in our enterprise, and had our town been blessed with more who would be willing to aid public endeavors, our village would enjoy greater business importance to-day, and they would probably have been in a more flattering financial condition. We are blessed (?) with some men doing business here who have no idea of the meaning of the word PROGRESS, and acting upon the supposition that they are universally known to all traders, refuse to patronize their home paper. To all of these we say, it is their privilege to do so or not; and it is equally the privilege of our people to transfer their custom to others who, by their liberality in trade, guarantee better bargains and greater accommodations.

In our political course we have nothing to regret save that our ability was insufficient to support our party better than we did. For the future we have no particular promise to make; our past course should be an earnest for the future. We shall endeavor to give our patrons as good a paper as we are able from the patronage we receive, and when we do this, shall consider that we have entirely discharged our duty. Local matters will receive every attention, and everything that is calculated to benefit the interests of the people of our section as well as the entire county, will be the specialty of the ENQUIRER. Hoping to merit increased and continued favors from our friends, and defying our enemies and secret foes to do their worst, we now make our bow, assuring the public that we shall be found hebdomadally battling for the principles of Freedom and Justice.

The WEEKLY ENQUIRER will hereafter be issued every Saturday morning at the price of FOUR DOLLARS PER YEAR. This amount will be required in advance, except in cases where we know the parties to be good. Those who owe us for subscriptions would greatly oblige by paying up. We have labored faithfully for you during the past year, and now ask you to act honestly and pay us. No more subterfuges will be countenanced.

MOUNTAIN APPLES.—Everyone knows that apples grow best in high latitudes and cool climate. We are in just the region to produce the best. In juiciness, fine flavor and all the attributes of a good apple, ours excel. We have not many large orchards as yet, but there are several of no mean dimensions. At Cold Springs, near Gold Run, is the largest in our immediate vicinity. Of the number of bushels raised there this year we are not apprized. Mr. Davis, near our town, has probably the next largest. He has gathered near three hundred bushels. Captain Gardner has about one hundred, and several others have as many, and some considerably more. We are independent of Oregon, and all the world. Not only have we apples enough for home consumption, but we have a few to spare for cider. Mr. Bradley and Mr. Harriman have already made a little, and Mr. Davis will make it quite extensively when his new mill begins to run.

PAY YOUR TAXES.—Mr. Miller, the Revenue Collector for this District is now out visiting the various localities in Townships Three, Four and Eleven for the purpose of receiving taxes due for the present year; those owing taxes had better square up before there is additional cost. A word to the wise, &c.

LETTER FROM SAN FRANCISCO.

SAN FRANCISCO, Nov. 6, 1867.

ED. ENQUIRER.—Among the many questions bearing upon the welfare of our city's future, and the well being and growth of our entire State, there is none more entitled to agitation and discussion than the subject of labor. Cheap labor and rapid growth go hand in hand. There is no denying that our city presents all the necessary qualities of a manufacturing one, yet this branch of industry has been kept back solely for want of cheap labor. Why is it that labor in the State of California commands so high a figure? The cost of living is but little, if any more, than in the Eastern States. I see no good reason why labor cannot be employed here at a deduction of nearly one-half the present rates. Good mechanics at the East get but two dollars and fifty cents per day, here the rates are double that amount. I would not be understood as crying down fair wages, or as an unreasonable supporter of capitalists, but when the question arises as to whether a few men shall be employed at exorbitant rates, and the growth of the State retarded, or whether a multitude of people shall have an opportunity of earning a livelihood, and at the same time contribute in a large degree to the building up of our commonwealth, then I say, by all means throw open the gates of our Golden State and welcome the advent of cheap labor; extend the hand of fellowship and friendship to people from all quarters, debar none, and especially let us not tarnish our reputation as a progressive people by an unmanly warfare upon those people who come to our shores with their skins bronzed by the suns of tropical climes.

EMIGRATION AID ASSOCIATION. There has been a movement on foot here with a view to organizing and permanently establishing an association whose chief aim will be to assist and encourage emigration to this country from Europe. The society is headed by men who are acknowledged as being friends to cheap labor. They have held one or two open meetings, at which the views of our leading citizens upon the question of emigration were given to the masses. In connection with other things they have issued a circular which is intended for publication and circulation throughout Europe. In this report the committee display an over-anxiety to secure inducements too highly colored, the report is apt to have an injurious rather than a beneficial effect, for it raises expectations that cannot be fulfilled. One of its statements is that good land for cultivation can be obtained at one dollar per acre. Now any person who has lived in the farming portion of our State knows that the lowest (Government) price for land is one dollar and a quarter per acre. In another clause it tells of the opposition to Chinese emigration, and speaks of Chinamen being engaged in the lowest and meanest of callings, i. e. gardening, fishing, washing, &c. Now the question is what does the Society mean by saying that these employments belong to a low or mean class? All labor is honorable. The report then, in another paragraph, as an inducement for women to emigrate here, states that washing commands a remunerative price, saying in plain language that what is mean and low for a Chinaman to be engaged in is a lucrative one, an inducement for white foreign women. Consistent and well-drawn instrument this!

MONTGOMERY STREET EXTENSION. Its over, the question has been settled, Montgomery street is not to have its terminus at Market street. The Board of City Fathers passed the vetoed bill over the Mayor's head. Mr. Schrader, who upon the vote previous voted in the negative, at the urgent request of his constituents voted in the affirmative on its final passage. Such things occur in larger legislative bodies, why not in the Board of Supervisors of Frisco, where men serve as members for all honor and no pay.

GRAND JURY. This body, during its session, heard 55 cases, thirteen of which were dismissed, and forty-two true bills found, six of them for murder. In the County Jail there are one hundred and twenty-six prisoners, including twelve females. In the Industrial School one hundred and sixty-three boys and twenty-two girls are being educated and taken care of, most of them learning a trade. In the County Hospital are two hundred and five patients, twenty of whom are females. At the newly established almshouse are ninety-nine patients, twenty being females, the oldest person being one hundred and two years and the youngest four months old. This establishment is mainly occupied by persons who were heretofore patients in the County Hospital. Quite a number, however, are taken from the streets as beggars, vagrants, &c. The stranger and resident will now be released from some of the loathing sights of deformed and diseased humanity that encountered them on every corner.

ONE OF THE CITY FATHERS INDICTED FOR MURDER.

Supervisor Reynolds, who represents the Tenth Ward in the Board, is now in care of the Sheriff to answer the charge of murder. The case grew out of the never-ending outside land troubles. His counsel has been endeavoring to procure his release on bail, and the Court now has the question under advisement. I do not think it probable that he will be admitted to bail. There are others under arrest for the same offense, growing out of this case, and it is more than likely that an example will be made of them in order to deter them from committing like depredations in the future. These land riots have already been the

cause of many men losing their lives, and is a source of endless litigation and quarrels.

TELEGRAPH HILL.

Is being made use of. Men are at work every day tearing down this old land mark and using the rock in building our bulkhead. A few years more and this promontory that overlooks the sea will be leveled, and like many other places will be only remembered among the things that were.

AMUSEMENTS.

At the Opera House the management withdrew the Irish drama, as it had been worked up and re-hashed until poor houses admonished a change of programme. The play of Caste was put upon the stage Monday and is yet on the bills. Dan Bryant, in assuming the character of Eccles, has stepped out of his usual line and has been successful. The piece itself has been put on the stage with great care and bids fair to pay. At the Metropolitan, nearly every evening we have something new, and every piece that is put on the boards by the Howsons is sure of being done well. The Iron Chest was played last night to an overflowing audience. Our new Minstrel Hall is on the high road to fortune, crowded houses nightly greet the performers and the management give an entire new bill of fare nightly.

Yours, SKOOTS.

INTERNATIONAL COPYRIGHT.—This is an able and elaborate article upon this subject in the October number of the Atlantic Monthly. It sets forth at length the benefit to all concerned, from the passage of laws to secure to every author the right to the children of his own brain. It closes by urging Congress to take the matter in hand at once, and hoping that some one man will lay the world under great obligation to him by making it his specialty, and completing the work. It asserts also that the chief enlightened nations of the world are ripe for such a law. We concur.

ATTENTION, B'HOYS!—The members of Reliance Hose Company are requested to meet at their rooms on Tuesday evening next at 7 o'clock. All are requested to be prompt.

CONVICTED.—We made mention in our issue of Wednesday last of a "discussion with fists" which took place on Monday evening. The parties to the affair were John Gould and a barber from Gold Run named Charles Carr (not Charles H. Carr, the miner, both being intoxicated at the time). Gould accused the barber of attempting to take his watch out of his pocket, and was rewarded by a well directed blow between the eyes, which dropped him like an ox, and for so doing the barber was arrested. The case was brought before Justice Brown on Thursday, when Carr pleaded guilty to assault and battery, and was fined \$35. Immediately afterwards, another charge of attempt to commit petty larceny was brought against Carr, upon which he was found guilty, and fined \$100, with the alternative of fifty days in the county jail. Carr appealed the latter case to the County Court, and the bonds were fixed at \$500.

AT IT AGAIN.—On Wednesday evening last, Messrs. Nicholls and Rosewall, differing in opinion as to a matter of fact, concluded to resort to a test of strength. Both expressing a willingness, they were soon engaged a la Heenan—now Nicholls, now Rosewall—until one of the combatants taking the "sober second thought," concluded it was disreputable to be found in a brawl, wisely desisted, showing not only his sense, but preserving his features from being disfigured as well as retaining his respectability. No arrests made.

THANKS.—We return our thanks to Major Stratman, of San Francisco, for late papers, magazines and periodicals, which arrived by the steamer of the 4th.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated "rate established by Dr. J. C. YORKE, in 1880. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. Consultation Office, 540, Washington street, San Francisco.

MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who have suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, and for consultation he asks no fee; not does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

SPECIAL MEDICAL NOTICE.—DR. CHARES H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is removed to No. 108 Montgomery street, next door to the Occidental Hotel, San Francisco. Having relinquished his old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, next door to the Occidental Hotel, San Francisco. Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Hemorrhoids, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER. My Female Monthly Pills, were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office. Price \$5 with full directions on each Box. HOSTETTER'S CELEBRATED STOMACH BITTERS

A PURE AND POWERFUL TONIC

Corrective and Alternative. Of WONDERFUL EFFICACY in Diseases of the

STOMACH, LIVER AND BOWELS

PROTECTIVE PROPERTIES.

Prevents Fever and Ague and Malignant Remittent Fevers; Fortifies the System against Miasma and the evil effects of unwholesome water; invigorates the organs of digestion and the bowels;

Steadies the Nerves, and tends to prolong Life.

REMEDIAL PROPERTIES.

Cures Dyspepsia, Liver Complaint, Sick and Nervous Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent fevers, Spasms, sea sickness, cramps and all complaints of either sex arising from Bodily Weakness, whether inherent in the system or

PRODUCED BY SPECIAL CAUSES.

As a genuine Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated.

Persons of feeble habit, liable to Nervous Attacks, Losses of Spirits and Fits of Languor find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes.

In districts infested with Fever and Ague, it has been found infallible as a preventative and irresistible as a remedy. Thousands who resort to it if under apprehension of an attack, escape the scourge; and thousands who neglect to avail themselves of its protective qualities in advance, are cured by a very brief course of this marvelous medicine.

Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs.

REDINGTON & CO'S COLUMN.

REDINGTON & O. S. ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to a persons recovering from debility, whether produced by fever or otherwise; for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

It is not surprising that you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

NEWELL'S PULMONARY SYRUP

is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by the surprising curative powers of

NEWELL'S PULMONARY SYRUP

and with one accord give it their unqualified approbation. We now address ourselves to all who are acquainted with this, the greatest Panacea of the age, for the healing of all diseases of the Throat and Lungs, assuring you that

NEWELL'S PULMONARY SYRUP

has cured thousands and it will cure YOU if you try it. This invaluable medicine is pleasant to the taste; soothing, healing and strengthening in its effects; entirely free from all deleterious drugs, and perfectly harmless under all circumstances. MARTHA WASHINGTON

HAIR RESTORER.

A PERFECT

HAIR RESTORER AND HAIR DRESSER.

Both combined in One.

Trust no other, however pleasant—None can do what this has done: Try it and always keep it present—Use the Martha Washington.

Twenty thousand heads remind us: What a noble test it is stood: Millions more shall come behind us: With their tresses all renewed.

Will keep the Hair soft and glossy, change gray hair to its original color, prevent the hair from falling out or getting

thick, make old heads look young, and do all that can be reasonably expected of a genuine, first-rate Hair Restorer. All who have

used it pronounce it superior to everything of the kind, and being a perfect Hair Dresser as well as a perfect Hair Restorer, it is

an acquisition to every Toilet. Redington & Co., Wholesale Agents, San Francisco.

GRAEFENBERG

UTERINE CATHOLICON

It faithfully used according to directions will cure every case of Diabetes, and greatly mitigate the troublesome effects caused by a relaxation of the outlet of the bladder. It is a most successful remedy for the Gravel and other diseases of the Kidneys and Bladder, and for female diseases is unequalled. The Catholicon uniformly cures Prolapsus Uteri, Whites, all irregularities of the Monthly Period, Suppressions, Incontinence of Urine, Bloating and Dropsical Swellings, and all diseases of pregnancy. The specific action of this medicine is immediate and certain upon the Uterine and Abdominal Muscles and Ligaments; restoring them to as healthy a state as those of childhood and youth, so that patients who have used the Graefenberg Company's Uterine Catholicon cannot sufficiently express their gratitude for the relief afforded.
